Crystal Children's Choir

10-week Program

MISSION & PROGRAM

Crystal School is dedicated to providing music education for people of all ages and various levels of talent, from preschoolers, teens to adults. Some classes are for novices while others are for those with various degrees of musical knowledge and experience. Crystal School offers excellent programs covering a diverse range of classes and activities such as early childhood music development, voice training, and performance workshops.

Crystal School is a department branching from Crystal Children's Choir. The mission of the School is to serve the community needs and strive for the excellence in music education.

CLASSES

- **EARLY BIRD I: AGES 3-4**
- **EARLY BIRD II: AGES 5-6**

Introduce your child to the fundamentals of music in a fun and hands-on way. This class includes singing, ear training, rhythm games, percussion ensemble and kinesthetic movement. It provides excellent preparation for later vocal, choral, or instrumental practices. Parents are invited to visit in the last 10 minutes of the 50-minute-class in order to observe the inside workings of the class.

- **CHORAL I: AGE 7 AND UP**

This class provides instruction in basic choral singing skills and training in comprehensive musicianship. It is for students with or without choral experience. Class placement per students will be decided by individual assessment.

- **CHORAL II: AGE 7 AND UP**

Designed for students with initial knowledge of singing basics, the curriculum consists of a wider variety of styles and more complicated aspects of music. Students with two or more years of choral experience are better suited to take this class. To enroll, an individual assessment is required.

- **VOICE DISCOVERY**

We provide private and small group vocal training. Students will be instructed on different singing techniques such as breathing, fitness, posture, ear training, intonation, dynamics, diction, and vocal exercises from beginners to advanced singers and choral performers. Students will receive a special consultation with our voice instructor before enrolling in the proper voice lessons.

ASSESSMENT AND PLACEMENT

Students will be assessed individually in order to enable placement into proper classes according to their levels. The placement will be administered by appointment. Students may also have an optional request for "tailored courses" by our music consultants.
